## Subject Index, Volume 32

5-a-Day program for Better Health, 257

A
abuse, child, and use of drugs as adult, 389
ACE, adverse childhood experiences, 389
active living buoys, physical disabilities, 224
ADACEL, pertussis vaccination, 177
adolescent(s)
  behavior, physical activity and nutrition, 124
  fruit/vegetable consumption, 147
  German, exposure to smoking, 466
  substance use, 395
advertising, physical activity, children, 38
alcohol
  consumption and stroke, 408
  in pregnancy, 1
  individual and environmental solutions, Table, 73
anthrax vaccination, 347
Anthrax Vaccine Immunization Program (DoD), 347
arterial disease, peripheral, 328
aspirin use, in CVD, 403
auto crashes, individual and environmental solutions, Table, 73

B
behaviors
  lifestyle, unhealthy, 244
  risky, and health literacy, 19
benefit, work, smoking-cessation treatment, 139
bicycling
  to school, children, 509
  utilitarian, 52
binge drinking, in pregnancy, 1
bioterrorism threat, smallpox vaccination for, 538
birth defects, preventable, 1
block length and walking, 298
BOOSTRIX, pertussis vaccination, 177
budget, CDC, for HIV prevention, 63

C
cancer screening
  elders, 11
  women, 525
cancer
  breast and cervical, 525
  colorectal, and vitamin D, 210
  risk of, physical inactivity, 490
  skin, early detection, 517
carbon monoxide (CO) poisoning in hurricane season, 340
cardiovascular disease (CVD)
  and domestic physical activity, 320
  prevention of, 403
cardiovascular risk, stroke survivors, 408
Centers for Disease Control and Prevention (CDC) budget, HIV, 63
Check-It-Out project, skin examination, 517
child abuse, and use of drugs as adult, 389
childhood
  experiences, adverse (ACE), 389
  immunizations, philosophical exemptions, 194
children, physical activity levels, 509
chronic disease
  costs, 68
  lifestyle-related, 419
  prevention, 257
church members, physical activity among, 131
cigarette packages, text and graphic warnings, 202
clinical trials, participants, 370
colonoscopy, demand and capacity, 25
colorectal cancer
  and vitamin D, 210
  screening, 25
community health workers (CHWs), 435
  characteristics, roles, and training, 435
community nutrition environment, 282
community-based participatory research (CBPR), 131
community–university trial, PROSPER, 395
computer
  -based intervention, postpartum women, 231
  -tailored interventions, 419
consumer nutrition environment, 282
contraceptive use, ineffective, 1
coronary heart disease (CHD) and neighborhood deprivation, 97
cost
  healthcare, prescription drugs, 389
  healthcare, women with IPV, 89
  medical, violence-related, 474
counseling for obesity, primary care, 334
culturally relevant programs, CHWs, 435
CVD risk
  and HRT, 483
  physical inactivity, 490

D
death(s)
  and disability, leading causes, 97
  attributable to obesity, 217
  leading causes, U.S., 2000, Table, 245
  premature, violence-related, 474
delivery modalities, intervention, 419
deprivation, neighborhood, 375
  and CHD inequities, 97
diabetes
  and stroke, 408
  risk of, physical inactivity, 490
diet
  behaviors, adolescent, 124
  walking, and television, 305
dietary behavior change, 419
dietary goals, commentary, 354
dietary intake, 257, 264, 273
  patterns, adolescent, 147
  patterns, youth, 163
disability(-ies)
  and death, leading causes, 97
  cause, stroke, 408
  developmental, and alcohol, 1
  physical, active living buoys for, 224
  violence-related, 474
disease(s)
  chronic, costs, 68
  incidence, HIV, 63
  vaccine-preventable, control of, 194
domestic physical activity, 320
drinking in pregnancy, 1
drug use, illicit, parenting women, 231
drugs, prescription, healthcare cost, 389
dyslipidemia and stroke, 408

E
eating
  away from home, 273, 383
  healthy, 217
elder, preventive services, 11

elderly, medical expenditures, 107
employer
  costs, smoking-cessation program, 139
  interventions, obesity, 44
"ensure" laws, immunizations, 460
environment(s)
  community nutrition, 282
  consumer nutrition, 282
  eating, 282
  nutrition, restaurants, 273
  physical, 361
  obesogenic, 375
  social, 282
ethics and prevention trials, 370
exemptions, philosophical, childhood vaccinations, 194
exercise facilities, equitable access to, 506
expenditures, Medicare, immunizations, 107

**F**

facilities, exercise, England, access to, 506
faith-based interventions, 131
fall injuries, 413
fast-food
  access to, 375
  and neighborhood, 375
  restaurants, density, 273
Fetal Alcohol Spectrum Disorders, 1
fetal exposure to alcohol, 1
first responders, emergency, smallpox vaccination, 538
fitness facilities, perception of access to, 500
food choices, healthier, 383
Framework Convention on Tobacco Control (FCTC), 202
fruit and vegetable intake, 257
  adolescent, 147
  commentary, 354
funding, tobacco control, letter, 449

**G**

generators, carbon monoxide poisoning, 340
genotyping, tuberculosis, to increase control, 239
gestational weight gain, 305
guns/violence, individual and environmental solutions, Table, 73

**H**

health clubs, perception of access to, 500
health disparities, diet, 264
health exam and laboratory screening, 59
health literacy, 19
health marketing campaign, VERB, 38
health promotion
  church members, 131
  worksite, 86
health workers, community, 435
healthcare workers (HCWs)
  and immunizations, 459
  legislating vaccinations for, commentary, 544
  smallpox vaccination, 538
Healthy Menu Study, 383
HIV incidence, 63
HIV prevention program, budget, 63
hormone replacement therapy (HRT), 483
hospitalization rates, influenza/pneumonia, elderly, 107
housework as physical activity, 320
housing density and walking, 298
HRT and CVD risk, 483
human subjects, 370
hurricane season, Florida, CO poisoning, 340
hypertension
  and stroke, 408
  care of CHWs, 435

**I**

immunization
  influenza, Medicare, 107
  rates, childhood, exemptions, 194
  requirements, state, HCWs, 459
inactivity as risk of chronic disease, 490
influenza and pneumonia, cause of death, 107
infrastructure, public health, physical activity, 68
injuries
  economic burden, book review, 256
  ladder-related, 413
  violence-related, cost of, 474
  work, youth, 151
injury and violence, book review, 87
Internet
  activities, physical activity, 38
  -delivered interventions, 419
  use, youth at risk of sexual solicitation, 532
intervention(s)
  community, 395
  computer-based, drug use, 231
  delivery modalities, 419
  environmental, youth, 163
  faith-based, 131
  healthcare policy, obesity, 44
  physical activity, children, 38
  via telephone, 419
intimate partner violence (IPV), 89
IPV, costs and healthcare utilization, 89

**L**

ladder-related injuries, 413
  commentary, 448
land use, mixed, and walking, 298
laws
  "ensure," immunizations, 460
  "offer," immunizations, 460
  immunization, by population, facility, state, Table, 461
  state
    for vaccination of HCWs, commentary, 544
    immunization requirements, 459
    vaccinations of children, 194
literacy, health, 19
  and health risk behaviors, 19

**M**

Medicare, influenza immunization, 107
medications, psychotropic, adults, 389
melanoma detection, 517
menopause, HRT, and CVD risk, 483
mentors, 253
